## phpMyDesktop|arcade

Hits: 3,816

**Description:** phpMyDesktop|arcade is a mix between a message board, the game of life and card/board games. It realises a new way of communication on the web on a two dimensional board where each post functions as kind of a point generating lifeform. Some features: Gallery, Milestones, Treasures, Ranking, Private Messages, Search, Email-Notifications, Flash Desktops, own Firefox Extension, Device & XML interfaces, RSS feed, message filtering, fully skinnable, core-addon-interface ... the tool runs on PHP/mysql.
