The Quik N EZ Blogger

Hits: 4,915

Description: Use this package as a blog, a diary or a journal. It's FREE! Doesn't need a database! It comes with images already but you can change them and add your own. Add blog entries, delete them individually or delete by the month (archived monthly) Entries include: Title, mood, smileys, message and song. Add text or HTML and images to the right side and left side of your Blog. Change the look - font face, size and color, background colors, background images and borders. Add Friends Links - to their blog or their site Comes with a Shout Box - option to be notified when someone posts. Password protected - You choose username and password, will also email you if you forget them. Includes an email/contact form with autoresponder. Adds an automatic date and time stamp. Comes with an image Gallery. Comes with a calendar as well. No need to know HTML. Start your own blog community with family & friends! Fill in one form and change the whole look! Easy Install - Complete Instructions Included. Just unzip the file and read the README.txt file Did I mention it's FREE! (smile) - HotScripts Rocks!
