Netdoc CMS

Hits: 3,228

Description: Netdoc CMS is a simple but a powerful CMS, made with PHP, MySQL, Apache. It is intended for small to medium sized organizations and corporations as a CMS for public website combined with an intranet.

Netdoc is simple to use but it has a lot of features; * documentation features, * photo album, * calendar, * blogs, * discussion forums, * form handling, etc...
Layout Editor: The site structure can be changed with an easy-to-use layout editor.
Powerful blog features, for example: * Multiple weblogs * Multiple blog authors * Multiple categories/subcategories
