cWhois Domain Cart

Hits: 9,718

Description: Easy to setup domain name and hosting shopping cart. Checks availability of domain names and allows user to lookup existing ones. Supports over 400 domain extensions such as .com, .net, .org, .co.uk, .name, com.hk, .my etc making it one of the most comprehensive domain carts on the market. Supports multiple hosting plans and transfers etc. Several modes including full cart, simple cart, domain suggestion etc. Supports IDN and DAS for some domain extensions. New CAPTCHA code feature for security. Easy integration into your existing page layout by adding just two lines!
