User Login

Hits: 3,668

Description: User Login Version 1.0 is designed by JLucas Designs & StarGame Productions Inc and is a simple way to register and log users. It uses MySQL and PHP to record information. It is great for all different size websites.

If you need extras added myself & the StarGame Team will be more than happy to work on it. *NEW Full Help & Support For All JLucas Designs Scripts on the StarGame.co.uk Forums.
