# AdWare Eliminator

Hits: 466

**Description:** AdWare Eliminator

Does your computer seem to be running slower than usual?

Do you get bombarded with annoying pop up ads?

Well, if you've ever downloaded any music, movie clips, or games then your computer may be infected with "AdWare" and "SpyWare" applications!

Advertisers use downloadable music files and movie clips to add "SpyWare" and "AdWare" to consumer PCs. "AdWare" allows companies to monitor your internet activity and serve you annoying pop up ads.

If you're suspicious that Internet Advertisers have placed "AdWare" or "SpyWare" to your computer, then here's your chance to combat it -- with ZeroSpyware!

## Resource Specifications
