# 4Musics Multiformat Converter

Hits: 740

**Description:** 4Musics Multiformat Converter is a powerful tool to convert between WAV, MP3, WMA and OGG formats.

Features: converting in one click; 16 converters in 1; advanced output format settings; automatic source deleting.

What's new:

- all program windows can be attached to Main Window with a help of a button near a "Close" button;
- audio options presets in audio options windows;
- new "Add Folder" window;
- new option "Save subfolders structure".
