PropertyMax Pro FREE Real Estate Property Management

Hits: 25,336

Description: PropertyMax Pro is your one stop solution for listing real estate and properties on your website. Simple to install and simple to use, PropertyMax boasts a great range of property features and has a full admin management section to add/edit/delete/pause your properties. If you are planning to list properties on your website or are looking for another property solution for your business, then PropertyMax is the one for you. Can handle thousands of properties in unlimited number of locations and can support any currency units by editing the language pack config file.

PropertyMax Pro features an easy automated install and with just one line of PHP include code, it can be seamlessly integrated into your existing website, or if you prefer just build your website around it!
