INSTANT RSS/XML FEED WRITER

Hits: 6,960

Description: Generate a downloadable RSS/XML compliant news feed!

This script is for non-technical people using WYSIWYG page building tools or personal home page building systems.

Let the online form guide you through the various information that you need to supply, and upon a click of the Generate Feed button, a copy/paste version as well as a ready formatted downloadable XML file is ready for your use! Features-At-A-Glance

- Online script with plenty of help
- Simple RSS/XML feed
- Download as XML Channel file
- View results for Copy/Pasting
