Liquid Menu Pro

Hits: 3,381

Description: Liquid menu pro is a menu component for Macromedia Flash. It is easy to configure by it's custom user interface, has options like:

- select number of buttons
- set the buttons text, link to open and target frame
- select the menu color
- set the roll over sounds on/off
- set the click sounds on/off
- set a text to be displayed in the top of the menu.

All options can be set by the component`s user interface.
