Idaho-Web-Counter

Hits: 1,183

Description: Idaho-Web-Counter is a small and simple way to add cool counters to your web site. Just click on the counter style you want and the program will copy the code you need to your clipboard. Paste the code into your web page and you're done! Idaho-Web-Counter allows you to count the number of times a page was viewed, or if you can count unique visits.

Resource Specifications
