# adhancer - Turn Your Email Into Ad Revenue

Hits: 3,380

**Description:** adhancer

Everyone gets annoying emails. Spam, junk mail, advertisements...

adhancer was developed to take those annoying emails and use them to generate ad revenue for you, the web site owner. We offer a live demo for you to review. What you will see is the emails that the web site receives daily. The email is then automatically published as a web page and included in those pages are advertisements related to the email that you receive.

Your web site will grow on a daily basis and at the same time will get indexed in the search engines, which will bring you web site traffic. Our live demo brings in over 2000 unique visitors per day. That's over 60,000 unique visitors per month.

### Simple Breakdown

1. Your web site collects unsolicited email.
2. That email is then published as content with 3rd party advertisements.
3. Your web site is indexed in search engines which brings traffic to your site for ad revenue.

### Resource Specifications

<b>Version:</b>	1.00
<b>Platform(s):</b>	linux, freebsd, sun

Reviewed By: 4thstar

seems my original review may have been a little hard , i wasnt happy.  
these were working hard on a new updated version that solved any issues i had.  
now all works well and seems good.
