**Description:** If you are really looking for the best free phpBB forum host in the industry, ZeroRest is it. We not only meet what other free phpBB hosts offer, we exceed them. Because we do not use the same phpBB forum hosting software as our competitors do, we offer features they could only dream of having.

We allow our clients to totally customize their forums to their liking. We include free FTP and File Manager access so they can upload and install their own custom skins and hacks. It is your forum, and you are in total control of how it looks and feels, not us.

Some of our features:

- \* Best free support in the industry
- \* Install all the custom hacks and skins you want
- \* Your own FTP account and File Manager
- \* We host sub-domains and domain names

We are 100% confident that we will amaze you when you discover for yourself what you can now do with your ZeroRest powered phpBB forum. We invite you to signup now and get your free phpBB forum today and start to totally customize it to your liking.
