AdSpeed

Hits: 2,043

Description: AdSpeed is an independent ad management solution that serves advertisements on publisher's websites using sophisticated targeting criteria. Publishers can efficiently manage their ad inventory through our user-friendly interface.

AdSpeed combines the latest ad serving technologies with advanced web analytics to maximize your advertising revenue and deliver real-time ad statistics. Highlights: premium plans start at 9.95\$/mo, no programming knowledge required, detailed reports on ad performance and visitors, unlimited web interface access 24/7. On-demand, no software to download, use what you need, all plus free support.

Resource Specifications
