# Easy Quiz Builder - Build eLearning and CBTs Online or Off Hits: 2,914

**Description:** Easy Quiz Builder lets you build Flash-based quizzes, eBooks, CBTs, eLearning or Online Training Modules using either an XML-fed Flash file, an online CMS or an Enterprise-class User Management System that does everything for you from help create the content, to manage scoring categories and even a complex user management system and license key generation. Perfect for people who want to sell or distribute eLearning products or just plain provide online training in any form.
