Magic Forum Personal

Hits: 3,061

Description: Magic Forum Personal is our full-featured, yet value priced, discussion forum application. Designed for a small to medium sized site, it has all of the features required for a discussion forum without out all of the fluff, not to mention high price, found in most forum apps.

Primary forum features include: registration of members, use of moderators, optional approval of posts, moderators can approve, edit, delete any post, complete member profile area, members use post signatures, subscriptions to posts, PHTML (Pseudo HTML) based editor interface, full-featured search function, and much, much more.

Also, a complete admin area with tons of options that allow you to tailor the app to your sites needs. Some of the options include: Use PHTML, Show Stats, Show Moderators, Track Views, Number of Topics/Replies Per Page, forum wide Date/Time Display, Allow Subscriptions, Allow Signatures, Use of Member Levels, Allow Save Login, Check Member Email and many, many more.

We have a fully-functional online demo available and you can get more info at the Magic Forum Personal home page.
