## professional Payment Gateway

Hits: 785

**Description:** The R3N3 Payment Gateway is designed to give our scripts a uniform method of accessing payment processors. It's a stand-alone perl script which you install once and is then used to manage financial transactions for scripts found on SmarterScripts.com, and soon from other developers too. This will both simplify and greatly improve the task of accepting payments through scripts on your websites.

### Resource Specifications

<b>Version:</b>	v2.05
<b>Platform(s):</b>	linux
<b>Date Added:</b>	Aug 11th, 2005
<b>Last Updated:</b>	Aug 11th, 2005

**Average Visitor Rating:**  **0.00** (out of 5)

Number of Ratings: 0 Votes

**Average Member Rating:**  **0.00** (out of 5)

Number of Reviews: 0 Reviews
