Smart Search Free

Hits: 3,486

Description: Smart Search is our most popular script, and for a good reason. It let's you run a feature-packed, easy to use, pay-per-click search engine on your website for very little money. In fact, it's probably the world's most popular PPC search script for those reasons. The free version is meant as a demo to the full version; it allows you to see how the ppc system works on your website. Smart Search Free is based on an old version (v1.0) of the professional edition which we sell. This free version has only the basic features and has a link to SmarterScripts.com at the bottom of pages. When you are ready to purchase the full edition of Smart Search, you can do so for only \$69, and you will NOT lose your database when upgrading.
