The Best Auction that i ever saw in the Net. I first bought an auction script from another vendour. It was costly but it doesn't have many features. I am not satisfied with that script. Then i found AJ Square. I bought the script from them. They installed the script for us in the server. Its the best script. They provide us wonderful support. Its layout, functionality design everything is great. ITS THE BEST AUCTION SCRIPT IN THE WORLD. I TRULY RECOMMENED THIS PRODUCT. All the Best guys.
