Very satisfied with Carscripts, Mar 5th, 2007

Reviewed By: burnsy45

This script has been very easy to work with, and the developer(s) even more so. Support is excellent and has addressed every need, only charging for major modifications when requested, with all mods done expediently and efficiently. Not every script is perfect, but with this kind of attention to the client's needs it's hard not to be satisfied.

No answers from contacts, Aug 11th, 2008
