Website Toolbox - Message Boards

Hits: 13,879

Description: Add a remotely hosted message board to your website. Our message boards are completely customizable and banner-free. No programming knowledge is needed. Features include the ability to use your own domain name, file uploading, content syndication, spell checker, password protection, IP and email banning, HTML and profanity filters, post and registration approval, private messaging, custom profiles, custom titles, member registration, mailing lists, and an advanced WYSIWYG editor.
