# Tristana Writer RSS Editor

Hits: 1,779

**Description:** Tristana Writer lets you create an RSS or Atom feed from scratch by inputting each required and/or optional RSS or Atom XML element. You also have the option to simply scan a web page and instantly prepopulate XML information into Tristana Writer for lightning fast publishing. You can view and manually edit XML source code using a user-friendly tree structure format or preview your feed to see how it would look in your RSS reader and online.
