Bad script and horrible customer service, Mar 6th, 2008

Reviewed By: niceperson

I bought the script February 5 2008 and found a lot of bugs in it, I contacted the customer service and got an answer from someone called (savvy) I think he/she is the one who running this company from the basement.

I asked about a fix for the bugs and the answer was very simple "only God is perfect there is nothing such as script with no bugs" and of course he refuse to return my money.

Save your money..... don't fall for this scam
