CamUniversal

Hits: 905

Description: CamUniversal - Is the ultimate solution for all of your video demands. It supports WebCams, NetCams (IP-Cams) and all video devices which are working with an up to date driver for Windows. Additional it includes a network server client functionality to send the video from all cameras from one server PC to all connected client PCs. For professional and privat surveillance purposes there is a built-in motion detector which has numerous functions.
