# Kiwi Secure Tunnel

Hits: 1,382

**Description:** Free Secure Tunnel Service for use with Kiwi Syslog Daemon (or compatible). It receives, compresses, and securely transports syslog messages from distributed network devices to a Kiwi Syslog Daemon. With Kiwi Secure Tunnel it is possible to securely and reliably transport your syslog data across any potentially insecure network, such as the Internet. It can monitor files and send any new information from these files as syslog messages.

## Resource Specifications

<b>Version:</b>	2.0
<b>Platform(s):</b>	windows
