# AuthentiX100

Hits: 8,602

**Description:** AuthentiX100 is an essential tool for website access management. It provides form-based or 100% cookie-free "Basic Authentication" website protection that keeps your NT Users Names and Passwords private. AuthentiX100 allows up to 100 users and 2 groups (internal database only). AuthentiX allows you to control user access to all of your members-only directories.
