## RBarcode Vision

Hits: 1,248

**Description:** Java package for reading (scanning) barcodes in images. It supports code128, EAN128, EAN8, EAN8, UPCA, UPCE, code39 and Interleaved215.

The barcodes can have any orientation, vertical, horizontal or rotated. The package can find the all barcodes in a larger image (for example a scanned page).

### Resource Specifications

<b>Version:</b>	1.0
<b>Platform(s):</b>	linux, windows
<b>Date Added:</b>	Dec 5th, 2005
<b>Last Updated:</b>	Dec 5th, 2005
<b>Author:</b>	J4L Components

**Average Visitor Rating:**  **4.00** (out of 5)

Number of Ratings: 2 Votes

**Average Member Rating:**  **0.00** (out of 5)

Number of Reviews: 0 Reviews
