DMXReady Site Engine Manager

Hits: 2,839

Description: Build from the ground up or super-charge your current website with DMXReady Site Engine Manager. This powerful application is the most convenient way for most companies and organizations to create a strong web presence. Web designers can make money reselling and redesigning the package to meet their clients' needs. Do-It-Yourself-ers save time, money, and headaches it takes to build a complete database-driven website. Once installed, anyone who can connect to the Internet and use a word processor like Microsoft Word has the power to easily add, edit, and delete web content in real time for affordable content management.
