ezyCheque Lite Edition

Hits: 1,677

Description: ezyCheque is a cheque writing software that helps you write your cheque in the easiest and most accurate way. It automatically converts numbers to words. You can have your cheque printed with just a few clicks.

With ezyCheque, writing a cheque is easy! All you have to do is to enter the date, payee's name and amount payable to the payee. With pre-defined alignment of words, the words can be printed neatly on the cheque with your existing printer. Thus it gives your suppliers and bankers a good impression and manageable cheque handling.

With ezyCheque, spelling mistakes and differences in amount and amount in words that will result in cheque being returned can be eliminated. The payee's name that was printed before is automatically stored and the name can be retrieve with just a few initial keys. This will eventually reduce the administrative cost incurred for returned cheques!
