IceVISTA

Hits: 537

Description: IceVISTA offers a choice of over 25 application modules/features to create your interactive portal website IN MINUTES!

Our Hosted service provides the highest performance and reliability through our load-balanced web servers, clustered database servers, redundant power, and optimized network routing. Your site will be available and secure, with 99.5% up-time GUARANTEED. IceVISTA is designed to make it easy for users to manage all aspects of their projects. Site wizards, help icons, and a well-researched user interface allow universal ease-of-operation. You can also support multiple portals or sites, including parent portals and child portals. IceVISTA allows administrators to manage any number of sites – each with their own look and identity. Site customization and functionality are limitless.
