# PrayerRequest

Hits: 777

**Description:** PrayerRequest is exactly as the name suggests. It's a script that allows people to submit their prayer requests. With the anonmity of the world wide web, people aren't afraid to get things off their shoulders. It also has an administrative area where admins can see exactly what's going on when and where! Installation has never been easier!

## Resource Specifications

|                      |               |
