Top Auction

Hits: 3,127

Description: Want to jump into the profitable arena of online auction sites? Now you can, with Top Auction! This script includes all the most important features of the best auction sites around. Users can create accounts, place items for sale, and bid on other users' auctions. Top Auction is 100% templateable and features an extensive administrative interface for you to control users, auctions, bids, and more. Top Auction even provides built in support for common payment processors like authorize.net, PayPal, and Verisign. Let your users pay off their account balances automatically with the built-in support for Authorize, Verisign, and PayPal processing!
Set up your own auction site in no time!
