# Quick Menu XML

Hits: 6,479

**Description:** Flash Menu, easy to use, all you need is to edit an external file with a text editor and upload the menu file and configuration file on your server. This flash menu can auto scroll up and down when mouse is close to margins or it can have a scroll bar. Flash program is not needed to use and configure this menu; however, the source file is included in case you want to make advanced customizations.
