# JavaScript Collector

Hits: 6,216

**Description:** JavaScript Collector is an offline searchable snippet database stuffed with over 200 ready-to-use JavaScripts with the installation package, which you can preview within an instance!!! With just a mouse click, you can easily preview the output of the JavaScript without any coding in your favorite browser. Just sit back and relax and let the JavaScript Collector do the work for you. With an easy and overviewable interface, it has never been easier to find those "hard to find" JavaScripts snippets. Just let the JavaScript Collector keep track of all of your JavaScripts and other HTML-based scripts collected and organized all in one place and always in reach!
