Sudoku

Hits: 7,111

Description: This package can be used to generate and solve sudoku puzzles.

It consists of a set of classes intended to be used as the infrastructure for sites which provide sudoku to third parties.

Provisions are made for generation sudoku puzzles from templates, so that particular shapes of clues show up in the puzzles.

Reviews for Sudoku

I gave up!!!!, Nov 17th, 2006

Reviewed By: guneeet

I tried for 30 minutes to review/ download the code from the source website. It requires registration and the rejected 5-6 valid email addresses I submitted. I simply gave up in frustration!!! Totally non-professional.
