GeoBB Georgian Bulletin Board

Hits: 2,702

Description: GeoBB is FIRST Georgian discussion board written in PHP, MySQL, CSS and JavaScript. GeoBB is designed to be the fastest Discussions board and also includes site search engine. * Georgian Language + Georgian Virtual Keyboard

- * Fastest Discussion Board compare to 100s of others
- * Simple and Minimalist! Doesn't include many feathers like other Forums with overloading Servers.
- * User Friendly interface
- * Security Security and Security... I am working Very hard on Security updates So it is not easy to hack the board!
- * Search Engine Friendly including .htaccess for Mod Rewrite
- * Much more.. P.S. GeoBB is Free Software For Georgia! if you need English version you can pay 10€ for Additional English Language file

Enjoy
