PowerBB

Hits: 13,751

Description: PowerBB is an extremely powerfull forum system with many features including PM, image uploading, subforums, password forums, permission masks, mass emailer, reputation system, user map, and many more. PowerBB is very easy to skin and customize as it is all one file, and easy to read. Many people say PowerBB is better and easier to use than IPB, PHPBB, or VBull.

PowerBB wasn't hard to install or configure. It has many unique features, and it is easy to use. Using it on two sites, and haven't had a problem yet. Looking forward to future version.
