## Schlabo's Scripts - Picture of the Day (POTD)

Hits: 7,956

**Description:** Schlabo's POTD gives you the power of professional Picture of the Day-Scripts for free. It has a very intuitive interface and is as easy to use as possible. Features include: Assign pictures for many years in advance, give each pic a description and if someone sent you the POTD, you can give him credit. The Admin-Script displays all the POTDs in form of a calendar which makes it easy to administrate and edit them, you can also add a picture at the next free day with just one click. Even visitors can view a POTD-gallery if you want them to. The script features a well thought-through database-system with an extra file for each month, IP-Logging and Password-Protection.

### Resource Specifications
