FREE FAQs System with Complete Admin Panel

Hits: 4,099

Description: Fast FAQs System is a very User-Friendly FAQs System. It has a very powerful Admin Panel from where you can Add, Edit, Show and Hide questions. And hence it gives you full control on your FAQs System. On the User end if questions raises than 15 then automatically pagination is done and module displays questions in the form of virtual pages and hence users have not to wait long to download heavy FAQs pages. Same is done in the Admin panel to facilitate Admin to work with ease and full control.
