ASP Car Sales

Hits: 2,292

Description: ASP Car Sales has been designed to allow small to medium car dealerships to have an internet presence.

ASP Car Sales has the ability to add vehicles to a web site using powerful forms that are easy to use and provides web site visitors with the ability to browse or search those vehicles through attractive, customizable web pages.

You can select from an updatable range of vehicle features sure as Air Conditioning, Power Steering and Electric Windows. These are included on the vehicle details page as a reference point to possible purchasers. The powerful admin site will allow you to add new cars, edit existing ones and upload up to three images of each vehicle you add. Recent updates to this product also allow you to run this a paying website for visitors to list their vehicles for a set fee. Credits can be purchased and vehicles listed up to the value of the credit purchased.
