Secure Password Manager - 100% Automatic

Hits: 2,635

Description: Yes, You can test Secure Password Manager and you will see its packed full of features. To test you login to the ADMIN PANEL and then go to ADD A PRODUCT. Then go to the main page and purchase the product. You will instantly get a email with your secure download link.

Many people are using this to sell passwords, phone card pins, usernames, special login codes, serial numbers, product license keys, or anything else that requires a password or secret key to be given to the custom.

Each password purchase is removed from the database after payment, so you will never have 2 customers getting the same password.

It has been my experience that this vendor will not take all the necessary steps to ensure that you receive the product being sold. I purchased through Paypal and did not receive the product or a refund after not receiving the download link. Buyer beware!!
