FREE - eBay Search Engine

Hits: 1,475

Description: eBay Search Engine is designed to add ebay listings directly into your own website. Allow your visitors to search ebay auctions and view categories without leaving your own site. Add smart links that return search results with your chosen terms, direct into your own webpages. Browser based script configuration for easy setup. **FEATURES:** Customisable Colours and Fonts with Preview before installing. Supports Header and Footer files to reflect the look and feel of your own website. Set the default Country to Search. Set the Default Category to Search. Search up to 13 different Countries, or All Countries at once. Search any of the major categories, or All Categories at once. Includes Advanced Search Screen. Returns up to 200 Search Results with Picture, Description, Price, Bids, Time Left, Freight if Specified, PayPal, Buy It Now Items etc.
