EZ News Manager and Scriptsez.net are frauds, Aug 26th, 2007

Reviewed By: Akshaye

I have brought in all 4 scripts from the developer - a certain Muzzamil:-

- (1) EZ Link Directory
- (2) EZ Advanced Voting
- (3) EZ News Content Manager
- (4) EZ Mailing List

Only the 1st mentioned is working.

The author has not deemed it worth to offer his help and has simply not answered my queries.

This is a SHAME and Scriptsez.net should not be trusted even though the price looks affordable, its a "smart" way to steal people.

This script is awesome - It got the closest to what I have been looking for and the programmer took the time out to change it exactly the way I needed. If you looking for something cheap and quick - this is the script for you to post news/blog type posts on your site!
