AltraSoft Social Networking Community Script

Hits: 15,014

Description: AltraSoft E-friends is an online social networking software that allows you to start your own profitable portal community just like MySpace.com, offering paid membership subscriptions. E-Friends allow members to connect to people in their personal networks and make friends, match making, dating, blogging and join groups and events. Features include: instant messaging system, classifieds, groups, forums, affiliate program integrated, online chat, personal blog, calendar, custom profile URL, friends search, email importer, hotornot image ranking, advance admin control panel, upload photos and many more. Check out our product page now to see how our E-friends revenue sharing model works.

No Support for this, Oct 11th, 2006

Reviewed By: imclaudiah

This software has a lot of bugs, the company's phone number does not work, the tickets are not responded. There are a lot of broken links and the support department does not respond to emails. If you are a php programmer, then this software can be very good since it is very robust. The software itself is complex and full of possibilities, however you must know php to be able to fix the bugs yourself.
