OneStepArcade

Hits: 1,863

Description: OneStepArcade is more than just an arcade script. It's a full media script, an internet lounge script. The script has full admin-back-end, as well as an easily configurable template by CSS. Add Media in 30 seconds! Upload by FTP, admin panel or even transfer from another website! Many more features! visit here: <http://onesteparcade.com/features.php> License is \$39.98, and this includes over 500 games and over 200 videos to jump-start your arcade. Also includes access to forums, where you can submit new feature requests etc. For a user-side demo visit here: <http://www.onesteparcade.com/demo/>. For admin previews visit here: <http://www.onesteparcade.com/demo/category.php?id=5>.
