PHPclassifieds Realty

Hits: 3,554

Description: FEATURES: The real estate website allows home buyers and renters to browse available properties for free. The property listings are detailed with property features, photos, agent information and driving directions linked to MapQuest. Agents and home sellers can also list their properties for a fee. After a new real estate agent was registered, he/she is able to select and buy a package depending on how many offers they would like to post and for the length of time they would like to post them. Payment can be done via PayPal and registration is automated. The agent will receive a few emails - 10 days before his account will expire, 5 days, 1 day. 24 hours after his account expiration date, all his listings and his account will be deleted automatically. The agents are able to upload their banners too. Siteadmin panel: 1. Admin can add/edit/delete listings 2. Admin can add/edit/delete unlimited categories and subcategories 3. Newsletter 4. banner upload and much more
