Joovili v.3.1

Hits: 9,693

Description: Joovili is a GREAT profile/dating/social networking/community software that allows you to start your own profitable community site just like MySpace.com, FaceParty.com, and Face-Pic.com etc.

Your users will be able to create & customize their very own profile page, upload pictures, music, videos, rate users, post blogs and events, sign guestbooks, create/join groups, chat in the forums, upgrade their account and so much more!

Joovili is packed with loads of great features, customizable, quick installation, supports themes and looks sleek.

Just take a look!!
