Flash PageRank Checker

Hits: 1,515

Description: These HOT, Fresh, Flash PageRank scripts check the Google PageRank of any site. The script is written in Flash actionscript and PHP (one php file). It is very easy to load and use in literally seconds. Only \$3.00 to put these very useful, and very attractive tools on your site. You will get the PHP file, the Flash (.fla) to edit to your whim, the Flash Movie (.swf) that you can simply load on your site along the the PHP and have it working (don't forget to CHMOD- set permissions to 777).

Resource Specifications
