Reach-a-Mail

Hits: 1,568

Description: Reach-a-Mail is a USB based portable email client. From now on, your e-mail will always be with you no matter where you are. All you need is a USB drive to receive and send e-mail from any computer without the need to install any software. You save a lot of time thanks to Reach-a-Mail, as well as keep your e-mail correspondence private leaving nothing in a computer. You will be impressed by the easiness and simplicity of user's interface.
