Magical Personal Blog With PHP Script Included

Hits: 809

Description: No rebuilding - Changes you make to your templates or entries are reflected immediately on your site, with no need for regenerating static pages. Themes - WordPress comes with a full theme system which makes designing everything from the simplest blog to the most complicated webzine a piece of cake, and you can even have multiple themes with totally different looks that you switch with a single click. Have a new design every day. Spam protection - Out of the box WordPress comes with very robust tools such as an integrated blacklist and open proxy checker to manage and eliminate comment spam on your blog, in addition to a rich array of plugins.....
